Forecast For Wales
Issued by Met Office Exeter
at 0400 on Sunday 09 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mixture of sunshine and showers. Windy near the coast.

Today:
A cloudy start with a band of light rain and drizzle in the east. Rain soon clears to leave a mixture of sunny spells and scattered showers for most. Windy near the coast. Maximum temperature 16 deg C (61 deg F).

Tonight:
Rather cloudy this evening with a few showers lingering. Clear spells develop for a time overnight, then further showers during the early hours with strengthening winds. Minimum temperature 5 deg C (41 deg F).

Monday:
A windy day with sunny intervals and scattered showers. These showers could turn heavy and thundery at times, easing by the evening. Maximum temperature 15 deg C (59 deg F).

Outlook for Tuesday to Thursday:
Remaining rather windy and unsettled throughout. Some sunshine although showers or longer spells of rain at times too. Nights remaining milder but days returning to average.
